

GENERAL PLAN UPDATE

Schools are important to the future of San Jose

- San Jose's General Plan provides policy direction for land use and services.
- The Draft Vision recognizes the critical role of quality education.
- The City is working school districts to analyze school enrollment implications, add appropriate policies for schools and education, and address other issues.

Enrollment Data Needed

- Planning staff has contacted each District (see reverse for data request).
- Enrollment information is needed for the Draft Environmental Impact Report
- The data may also be used as one of many considerations for a preferred land use alternative.
